

PRODUCT DATA SHEET

Product Name: Air Conditioning Reactive Gel
Pack Size: 100g tub
SKU: 630-010

Description:

- Kills 99.99% of airborne bacteria, mould & spores.
- Water-based gel evaporates into the air & spreads through the entire indoor space. As it comes into contact with microbes, in the air & on surfaces, the germ dies as it stops the bacteria from reproducing & mould from receiving oxygen, preventing growth & reproduction.
- The product can be used in air handlers to sanitise the internal parts of the unit whilst decontaminating incoming & outgoing air streams.
- Can be used as a component of compliance with AS/NZS 3666.2 Air-handling and water systems of buildings—Microbial control Part 2: Operation and maintenance
- The gel uses identical actives as the TGA listed Commercial Grade Disinfectant.
- The gel & disinfectant combined, provides an effective solution to work against pathogens including COVID-19.
- Life Span: 6-8 weeks once opened.
- Up to 1200 Litres/Second; 50-100m²

Applications:

- Air handlers
- Air conditioning systems
- Any enclosed space such as in homes, workplaces etc.

Directions for use:

- Remove cap, peel seal off & replace cap.
- Place tub in return air well of air conditioning unit.
- If not used in air-conditioning unit, can be placed indoors near a fan to accelerate the spread of gel vapour.

Ingredients:

SAN-AIR proprietary essential oils, purified water & natural binding agents.
 NO petroleum based ingredients.

Storage:

Shelf Life: 2 years after manufacture when stored between 19 - 30°C.

Validations:

- Certified food safe
- Actives validated by Eurofins
- Kills 99.99% of fungicidal & sporacidal activity
- **Broad spectrum efficacy - species used:** Micrococcus Luteus, Staphylococcus Capitis, Staphylococcus Hominis, Escherichia Coli (E-Coli), Staphylococcus Aureus, Pseudomonas Aeruginosa, Aspergillus Niger (Mould), Listeria Monocytogenes.

Features & Benefits:

- Easy to use & fast acting
- Long lasting & cost effective
- Improved air quality 24/7
- Anti-bacterial & anti-mould
- Independently tested & validated
- Non-allergenic
- Safe to breathe, safe to touch
- Biodegradable & sustainable
- NO harsh chemicals
- Pet & plant friendly
